

To identify which Gotta Show® power steering hose kit to use on a FORD rack.

All you have to do is look at it!

If the pinion housing is cast to the rack housing,
use part # 131101 (22" hose) or part # 131107 (36" hose).

If the pinion housing bolts to the rack housing w/ 3 bolts,
Use part # 131105 (22" hose).

IT'S THAT EASY!!
